

WHO WE ARE

East Coast Migrant Head Start Project is a non-profit committed to preparing the children of migrant and seasonal farmworkers for success. We do this by providing holistic, high-quality early childhood education services for children and families in a nurturing, culturally sensitive environment and by providing services and advocating for children and families in their other areas of need. ECMHSP was established in 1974. East Coast Migrant Head Start Project serves children ages 6 weeks to kindergarten, whose families are engaged in agricultural work.
